

SAC Student Union Lounge Acquires Two New Trophy Cases

By BILL POULSEN

Decorating the Student Union Lounge these days is a new trophy case on either side of the fireplace. The acquisition of the trophy display cases was brought about through the efforts of Keith Johnson, A.S.B. president, Bob Read, Trophy Case Committee chairman, and Walter Adrian, Santa Ana College Business Manager.

The A.S.B. Executive Board decided upon a centralized display for the convenient viewing of visitors and because there would be greater assurance against possible pirating from any rival college. The acquisition of the cases was also decided upon in keeping with the A.S.B. Executive Board's resolve to decorate and improve the appearance of the Student Union lounge.

To House Trophies

Some of the trophies to be housed in the display include the Turkey Day Trophy, awarded to the winner of the traditional annual Thanksgiving Day football game between Santa Ana College and Fullerton Junior College, and also the Tucker Memorial Trophy, as well as many other athletic trophies.

Through the efforts of the above-named hard-working trio, Santa Ana College was able to procure the cases for only \$100 piece. The Associated Student Body Executive Board has also decided upon procuring picture frames for the Student Union lounge walls, to additionally decorate it. These frames will house photographs, athletic pictures, and works of art from the Art Department classes.

Trophy Tales

Among the many prized trophies to be sheltered in the display cases, is the California State

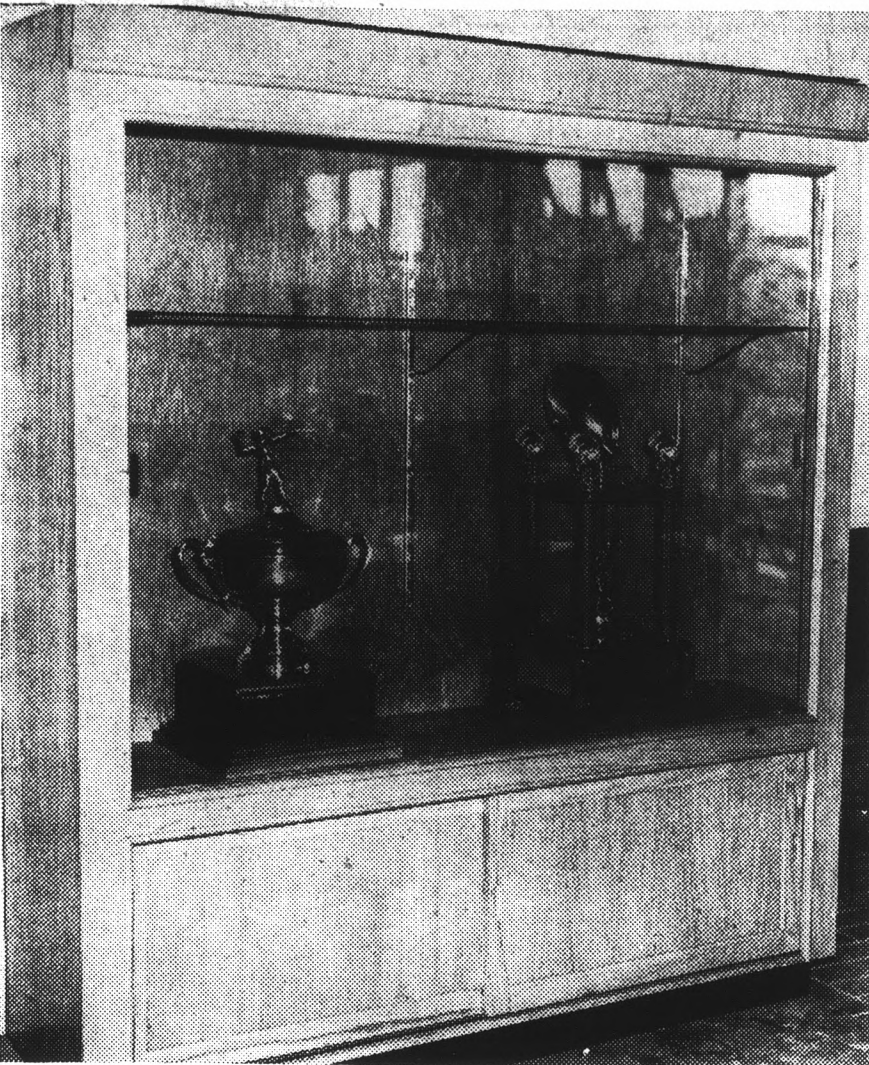

Championship Cross-Country trophy, won by Santa Ana College in 1950 for the second consecutive year. The Turkey Day Trophy is in Santa Ana College's possession for six months of this year, and will go to Fullerton Junior College for the second six months; the surprising result of an 18-18 tie game between the two traditional rivals on Thanksgiving day, 1950.

Lost Horizon Cast Selected

"Lost Horizons," a three act play based on the novel by James Hilton and directed by C. L. Ford will be presented April 24 thru 28 in Studio A on the Santa Ana College campus.

The play, dramatized by Anne Coulter Martens and Christopher Sergel, is about four kidnapped travellers from a wrecked plane who find shelter in Shangri La. While there they learn Shangri La is dedicated to preserving the culture and wisdom of the past until the storms of war shall have passed.

Special scenic effects are being painted by Charles Daughtery. The sets will be done by the Play Production class, and Chinese costumes are being procured from Phoenix, Arizona.

PLACE FOR THE LOOT—since the SAC athletes distinguish themselves every year in various sports a place was needed to display their numerous trophies. Pictured above are the two new trophy cases purchased by the college and located in the student union. Photo by Williams

Radio Workshop Presents Program

Next Monday, March 19, the radio workshop class, under the direction of Mrs. Mary Safley Reed, will present another program of the Dons' Review over local radio station KVOE.

The program, beginning at 7:15 will feature a discussion of outstanding foreign students on the campus and will include Maureen Cookson and Jamie Fox discussing Sam Djivre; Joy Patterson and Don George discussing Charles Huang; and Bonnie Tipton and Leroy Sparks discussing Sam Uyeda.

Dave Stigall and Sarah Beatty will give talks on the AWS visits to the marine base at San Onofre and the YWCA dances at El Toro Marine Base and the Long Beach Veterans' hospital.

Shirley Dewald will play a violin selection, "Czardas," and will be accompanied by Walden Lee-cing on piano.

Announcer for the program will be Bob Swenson, with Dick Wilcox as master of ceremonies. Producer will be Paul Barber.

SAC Student Wins Award For Suggestion

An award of \$50.00 was granted on March 7 to Bill Poulsen, SAC post-graduate student, for a plant-improvement suggestion submitted to the Douglas Aircraft Company of Long Beach, where he is employed. Bill shared the original \$100.00 award with Arthur E. Barnes of Garden Grove, another Douglas employee, collaborating with him.

The joint special award certificate bore a message of appreciation and thanks from the company management and suggestion committee for the thought and effort involved in the suggestion, and was signed by Donald W. Douglas, founder of the company.

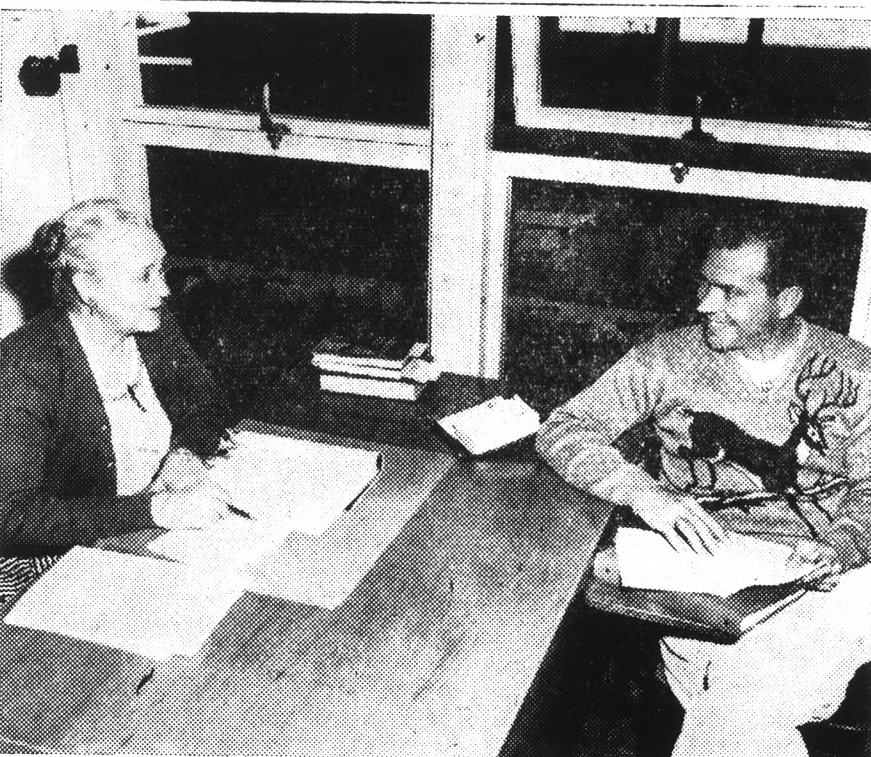

Details Withheld

The award was granted for the design of a stockroom roller table specially constructed to facilitate the handling of aircraft parts, and their receipt and issue. After initial studies of the effectiveness of this design were completed, the tables were procured in quantity, and further studies were made.

The table proved very practical, useful and time-saving, and also made stockroom work much easier. While details of Douglas stockroom layout and procedure cannot be released during the current defense program, the Douglas Suggestion-Judging committee found the idea to be sufficiently worthy of the \$100 award.

Night and Day

Bill has now been with Douglas Aircraft Company, Inc. approximately two years this time, having worked for them for a year before going into service. He has been attending Santa Ana College for the last four semesters during the day, while holding down his full-time job during the night.

OXFORD BOUND IN JULY—Mrs. Gail Smith, acting head of the SAC English Department, will attend the Oxford University summer session on the Somerville campus. She is pictured above discussing grades with one of her English students. Photo by Williams

Smith To Attend Arts Festival At Oxford's Somerville Campus

This year is festival year in England. In July, Oxford University will set the scene for a Festival of 17th Century Arts. At the end of this semester, Mrs. Gail Smith, instructor of English at Santa Ana College, will sail from New York for England on the French liner, Libertie, to attend the Oxford University summer session on the Somerville campus and to hear lectures on 17th century art, history, and literature given by experts on those subjects from the universities of Oxford and Cambridge.

During the festival, Mrs. Smith will see a performance by the Sadler's Wells Ballet, view collections of 17th century paintings, and witness the presentation of three of the famous plays of that period, which will be accompanied by lectures on the lives of the playwrights and the time of life during which they lived and wrote. The plays will be produced by casts including members of the major musical and theatrical groups of England.

From Oxford, England, Mrs. Smith will travel through Ireland and Scotland and may continue to the continent for a brief tour.

Although Mrs. Smith has traveled many times through Canada and Mexico, this summer will mark her first trip to Europe.

Seniors Visit SAC In April

Beginning April 8 members of the Black Knights and Las Doncellas, SAC honorary service clubs, will escort visiting high school seniors to various departments on the campus and act as official hosts.

Over 200 seniors from Anaheim, Laguna Beach, Tustin and Orange High schools will tour the campus on separate days during the week designated in April. The students will be escorted to the student union when they first arrive and be given coffee and doughnuts before being guided throughout the college.

At noon the seniors will be escorted to the cafeteria for a free luncheon before returning to the high schools. Last year over 160 students visited the campus within a week. The purpose of the visits are to acquaint students with the college and show them the various departments.

Santa Ana Student Delegates Attend Conference Workshops

Eight workshops of different subjects were carried on during the 1951 spring session of the Eastern Junior College Conference held last Wednesday at Mt. San Antonio College.

Seven students representing SAC attended the workshops along with delegates from Chaffey, Fullerton, Mt. San Antonio, Orange Coast, Riverside and San Bernardino College. The session got underway at 3 p. m. with registration of all delegates and at 4:30 p. m. a general meeting was held.

During the evening student delegates attend the various workshops and were served dinner in the cafeteria at 6:30. The workshops included Student Govern-

ment, Activities, Publications, Fine Arts, Club Activity, AWS and WAA, Athletics and Publicity.

At the conclusion of the workshops, a general session was held to summarize the resolutions made earlier. Don Dunbar, SAC delegate, acted as chairman to the student government discussion which adopted the resolution to have the alma mater printed on the back of all student body cards along with the advantages offered to a holder.

Other delegates from SAC were Nayan McNeill, Jim Mitchell, Bob Reid, Barbara Brown and Mary Taylor. Dr. Andrew Roberts, advisor to the SAC student council, accompanied the group.

SAC STUDENTS SPEAK

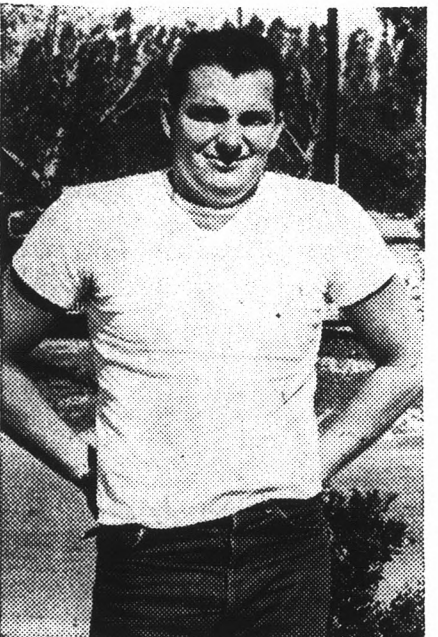

Question: Do you think the service clubs have been of benefit to Santa Ana College?

Sam Uyeda—Yes, I do, but recently I think that most of them have died down to the point where they only bear the name of service clubs. Of course there are exceptions, but if most of them were to

be revived, I think the service clubs will have much more to offer to the college.

Bob Swenson—I don't believe that the service clubs have done anything for the improvement of the school with maybe the exception of the YMCA and YWCA if

you want to classify them as service clubs.

Carol Kern—I believe the service clubs are a definite part of campus life. Besides serving the school they promote and support social and athletic activities. They also make well-rounded students in scholastic, social, and leadership ability.

SAC SERVICE CLUB NEWS

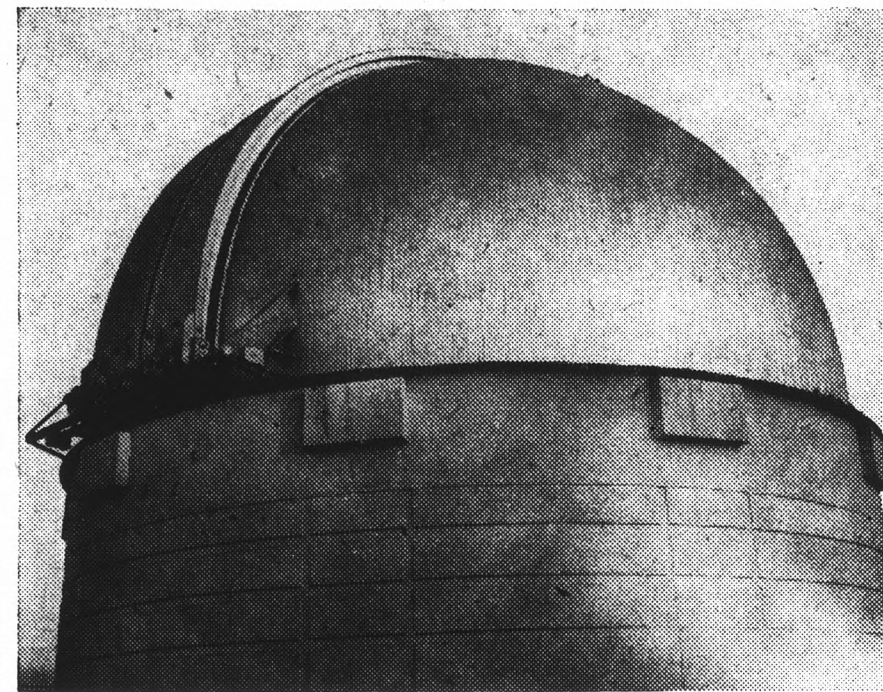

NEWMAN CLUB

With the very successful joint pot luck meeting of the Newman clubs of SAC and Fullerton J.C. now part of the past, Miss Marie Pound, club adviser, said today there would be more of such meetings. The festivities started at 6:30 with the pot luck supper, and was followed by dancing until 10.

Miss Pound also urges all Catholic students to attend the Newman club meetings which are held every Friday in room D-33, at 12 noon.

YWCA

The last meeting of the campus YWCA, Wednesday, March 7, included a potluck supper and panel discussion at the new YWCA building on North Broadway street, announced Mrs. Mary

Projector Aids English Students

By EDWARD SCOTT

The old Chinese proverb, "One picture is worth a thousand words," is finding a practical application these days at Santa Ana College.

Mr. Leonard Henard's English composition classes are now using an opaque projector, which enables the students to see as well as hear the fruits of their labor.

Regular size composition paper 8½ by 11 inches is magnified, on a 16mm. motion picture camera screen at a distance of ten feet away, to a size of approximately 4 by 5 feet. Since the nontranslucency of the paper would prevent direct projection, this special opaque projector is used. It projects the image of the writing which is reflected from the paper by means of mirrors.

Both typing and writing can be cast by the projector in semi-darkness. The instructor by manipulating a little knob on the projector can direct an arrow of light on any portion of the composition he wishes.

Mr. Henard stated that, "The opaque projector has long been recognized as an aid to learning. The English teacher finds it especially effective as a means of exposing the students work to the sometimes merciless criticism of his fellows."

SAC OFFERS PLACEMENTS

Any of you Santa Ana super shoe salesmen looking for Saturday and holiday work? If so, drop into the office of one Ernest Crain G51, and make out an application. There's a job waiting for you.

Safley Reed, SAC English instructor and advisor for the club.

The discussion, "Wartime Marriages" was led by Elsie Kittelson, with panel members Chris Anderson, Jackie Towey, Janet Schermahorn and Ann Driscoe participating.

FRENCH CLUB

"La Hotel Rambouillet," SAC's French club, recently elected new officers at a pot luck supper given at the home of faculty adviser, Mr. Henri Lirette. Elected officers include Jo Ann Morrison, president; Barbara Crane, vice-president; and Mary Taylor, secretary-treasurer.

Preparation are being made at the present time for a trip to Los Angeles, where the club intends to eat at a French restaurant, and

later attend a French movie.

Mr. Lirette urges those interested in French culture to attend "La Hotel Rambouillet" meetings the first Thursday of the month in building L at noon.

TAVERN TATTLERS

The bi-monthly meeting of Tavern Tattlers, SAC literary club, held last Wednesday in room A-1 was highlighted by a lecture and films on Mexico, announced Dean Gautschy, president of the club.

Jane Lindemuth, member of the Tattlers presented a description of her recent trip to Mexico and showed movies taken on the trip.

The business meeting discussed the forthcoming issue of Tavern Post, campus literary magazine, after which refreshments were served in the student union.

ASTRONOMY STUDENTS USE \$12,000 LENS

Twenty-two years ago an observatory, located in Lemon Heights and privately owned by Mr. and Mrs. Clyde Bishop, was opened to the use of the Santa Ana College astronomy classes. Since that time in 1928, each year's new crop of astronomy students have had access to this \$12,000 installation, which includes an eight inch refracting Alvan-Clark telescope.

In 1940, when the present campus was still a dream, the observatory was donated to the college by Mr. and Mrs. Bishop and constructed at its present location at Santa Ana high school, which at

that time was also the college campus.

A little known fact concerning the observatory is that Mr. Walter J. Ferris, a local resident, whose hobby is astronomy, has been assisting students with the operation of the telescope since 1928. At present Mr. Ferris, who holds no official position with the astronomy class, is donating between five and six nights a month to the assistance of students from Santa Ana College, Long Beach City and Long Beach State College, who use the observatory on the average of two times monthly.

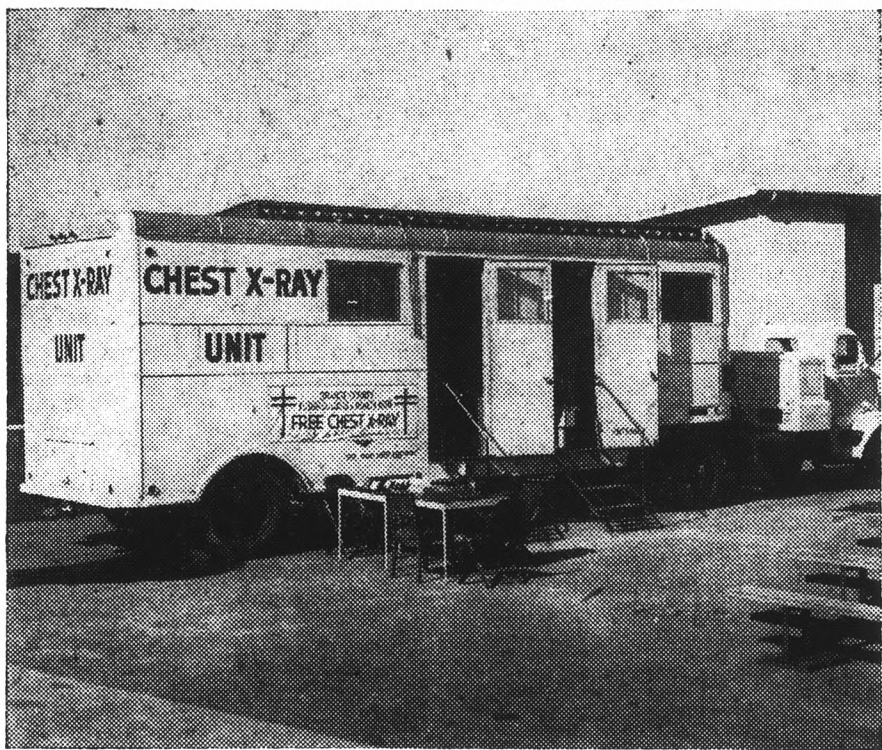

When asked if the observatory would ever be moved to the present campus, Mr. Lloyd Tolman, SAC astronomy instructor, replied that possibly that telescope would be moved eventually but that even so slight a change in latitude would necessitate expensive changes in the mounting and would have to be done by an expert.

gram at SAC this semester, Charles is also working at Mary's Malt Shop in downtown Santa Ana. Charles is a literary minded pre-med student who confesses that at times he would like to try his hand at writing.

British Honduras

Ernest Baber, a pre-dentistry student was born in British Honduras, where his father owned a motion picture theater. Having come to the United States at the age of fourteen, Ernest is able to recall some of the interesting aspects of that Central American country.

Balmy breezes, bananas and beautiful bells adorn the land. Taking advantage of Honduras' long and picturesque coastline Ernest at the tender age of four learned to swim. The climate according to Baber rivals that of California; it has a yearly average temperature of from 75 to 80 degrees.

Last week the Santa Ana College campus was visited by the Tuberculosis Chest X-ray truck shown above. Many SAC students cooperated in the drive to stamp out the dread disease.—Photo by Williams

STUDENTS FROM MANY LANDS ATTEND SAC

Contrasting with the orange groves is the possibly little realized cosmopolitan quality of Santa Ana College. Some twenty foreign-born students from lands throughout the world are attending Santa Ana College Day Session this semester.

Acclaim U. S.

Most of the students acclaim the United States as a wonderful nation while attributing the most laudable terminology to California in particular. One of the students, Sam Djivre, born in Turkey in 1904, can speak seven languages—French, Spanish, Greek, English, Turkish, Bulgarian, and Italian.

Photography Studio

During the last war he served in the U. S. Army as an instructor of French. In 1945 he came to

California, after having done theatrical, dog and horse, and commercial photographic work in New York. Owner of the Hollywood Photography Studio, Mr. Djivre's glamor and mural works can be found throughout Orange county.

Charles Huang was born in Serembar, Malaya in 1929. While carrying a rather "heavy" pro-

EDITORIAL

It was brought to my attention last week by a prominent faculty member that the constitution of the Associated Student Body of Santa Ana College is badly in need of repair, but that the majority of students, who have, or are currently attending SAC, do not even know a constitution exists.

Since the constitution was adopted over 20 years ago, no amendment has ever been made to the document. You may think this is the sign of good government because changes have not been necessary, but that is where you are entirely wrong. No constitution is fool proof and probably the only reason why our constitution has never been amended is due to that "I do not care attitude" again.

Would you care to have a faculty member control an election or hold a student body office? According to the constitution a faculty member who buys a student body card has the same privileges as a student who purchases one. If members of the faculty wanted to be difficult, they could vote in every student body election and even run their own candidate. I do not believe that faculty members should be prohibited from buying a card, but some stipulation in an amendment should be made as to their voting power.

After all, the preamble of the college constitution states: "This association, composed of STUDENTS of Santa Ana College, exists for the control of all matters of general STUDENT concern."—D.G.

"Tavern Post" Schedules Appearance; To Contain Fiction, Non-Fiction

By DON MOORE

Twenty-two years ago, in 1929, a group of students met in the college library and formed a literary club for the purpose of developing and exchanging ideas in the creative writing field. Patterned after the Mermaid Tavern, a popular meeting place for writers in Shakespeare's time, the name Tavern Tattlers was chosen for the club. Growing in size and spirit, the club decided to published an annual magazine to be known as the Tavern Post.

This year's edition, edited by members of the Tattlers, will appear on the campus within the next two weeks, and will contain contributions drawn from the entire student body, including writings in the fields of fiction, non-fiction, poetry and other forms of creative writing.

STUDENT CONTRIBUTIONS
Contained in the forthcoming issue will be four pieces of fiction: "Encore" by Grant Maxwell; "The Birth of a Champion" by Marilyn Webb; "The Last Time" by Orval Hoover, and "Happy Birthday Dear Teacher" by Diana Charlton.

Non-fiction was contributed by Sam Uyeda, who wrote an article on Japanese poetry and Jane Lindemuth, writing of her recent trip to Mexico.

Poetry and picturesque speech has been submitted by Ronald Eltz, Nayan McNeill, Helen Walzer, Margaret King Sellons, Nate Chroman and Elizabeth Elliott.

TWO AWARDS GIVEN

Two awards, the Robert L. Brown award for outstanding poetry and the Tavern Tattler's award for outstanding prose, are given at the end of the school year.

Upon publication, an issue of the Tavern Post will be available to all holders of student body cards and may be obtained in the offices of Miss Lota Blythe or Leonard Penard, co-advisors for the Tattlers and SAC English instructors.

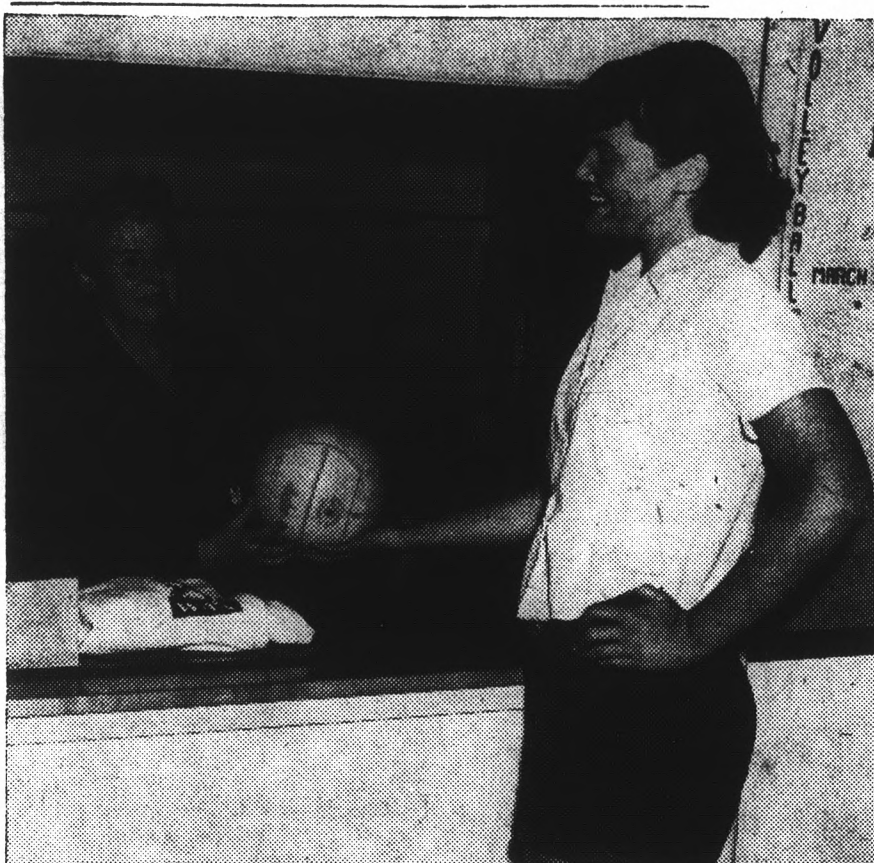

POST STAFF

The staff of the Tavern Post include: Ann Conner, editor; Marilyn Webb, Assistant editor, Annette Heany, Waldon Leecing, Louise Guinn and Nate Chroman, associate editors; Marilyn Webb, art director; and Diana Charlton, Business Manager.

SUSIE'S QUITE A GAL!—Performing one of the many duties that keep her busy is Susie (Mrs. Venice Wetherell), general assistant to Miss Isabelle Rellstab, head of the women's physical education department, and Miss Marie Pound, college nurse. On the receiving end of the ball is Dorella Ward. Among Susie's other duties are playing the piano as an accompanist for the dance class, caring for equipment, keeping record, and, in general, "making things comfortable." Photo by Williams

"If You Know Susie" . . . You Do? Our Susie's Quite Some Gal!

By JANE LINDEMUTH

(Ed. Note—Last week, in an article by Dean Gautschy, El Don introduced "an unsung hero" of the mens athletic department, trainer and maintenance man Elmer Bergeson. Today we bring you Mrs. Venice Wetherell, paragon of the women's physical education department. Mrs. Venice Wetherell, did we say? And you don't know Mrs. Wetherell? Then you're sure to know her by her alias, "Susie". "If you knew Susie like I know Susie" jeepers! she's quite a gal! That's the song that echoed through the Santa Ana College women's physical education department at the YWCA building, when SAC was first located on Main Street following its separation from the high school. The song was in honor of a smiling little lady who came to play the piano for dance classes and stayed to win the nickname of "Susie" and a permanent place in the hearts of instructors, as well as all scared freshmen women, and sophomores who used to be scared freshmen.

Since that time Susie has continued to act as accompanist for all the dance classes and as general assistant in the physical education building. At the present time her work includes issuing lockers, aiding with the records of Miss Isabelle Rellstab, head of the P. E. department, and Miss Marie Pound, college nurse and instructor of health. Say Miss Pound and Miss Rellstab, "She's the most wonderful person, honestly."

"Really, there's nothing unusual about me," Susie laughs. She was born in Iowa and studied music at Chicago's American Conservatory. When she was nineteen years old, Susie traveled to her father's ranch high in the San Luis Valley of Colorado. "It was wild, but it was beautiful and there—in the little town of Mesita—I met a man who had just opened a bank." They were married several months later.

Anyone Need a Ride To Class? Bill Craig Will Oblige With Bus

By NATE CHROMAN

Bill Craig, a Santa Ana College student who likes a lot of room, is the only Don to drive a bus to school. Piloting a forty passenger, 1949, Chevrolet bus, six-foot Bill drives to SAC amidst a mixture of reactions from his classmates who, at first glance, cannot fathom why one person should drive a high powered, forty passenger job to school. "Get a truck, Bill!" or "Take that buzzcycle four forty off the road," are some of the jibing comments that Bill hears every morning while parking.

In Santa Ana College's thirty five years of existence, there have been anp number of assorted odd cars and vehicels driven to school, but now one student is coming to campus in a conveyance that could carry almost one-tenth of the Dons registered.

Bill confides that he brings forty energetic and bubbling grammar school kids from Laguna Beach to Santa Ana every day. Bill has been a school bus driver for some months now, and has been enjoying it, other than the embarrassing situation it creates when he arrives on campus in an empty bus.

"It is quite a task to play chauffeur to forty Hop-Along Cassidies every day," Bill says, "but I enjoy it anyway. While I'm driving, these kids imagine they are all Hop-Along Cassidy shooting through the windows at all the 'varmint' they can see, who of course, are really Santa Ana's respectable citizenry." Bill peers out of one of the large windows of his large yellow bus, and smiles, "if you are ever in downtown Santa Ana and notice a bullet go zipping by, think nothing of it, it is only one of my Hoppies taking his daily target practice."

"Keeping my kids quiet on the bus," Bill continues, keeps me almost broke, as much of the time I have to bribe the kids with ice cream. The quietest kid on the bus is the one that is supposed to be rewarded with the ice cream, but when he gets it, they all want it. They are all good kids though, but they are at their best in the morning when they are still practically asleep. In the afternoon when the little darlings are all full of vim and energy, boy that's the time I have to look out."

"As I am studying child psychology, working with my kids is giving me real in sight into some of their problems. As for driving to college in an empty tank-like bus, fear not! I have no intention of sweeping down over the campus and bombing it."

That is the saga of the student who drives an empty, full-grown bus to school.

ALL ABOARD—you may have seen a school bus parked on the SAC campus throughout the day. Well, Bill Craig, SAC student, has the nerve wracking job of driving a bus load of small children to and from school daily. Photo by Williams

WATCH OUT—Howard Brubaker attempts to pass the baton to Bob Miles in the distance medley event of the Orange Show Relays which were held last Saturday at San Berdoo. The Dons won this event but were nosed out of first place honors in the meet by a half of a point. Photo by Williams

Diamondmen Record Victory With 11-8 Margin Over Harbor

The Santa Ana Dons turned in their second win of the season in as many games last Thursday at their Memorial Park field by downing the Harbor J.C. nine 11 to 8.

Harbor J.C. took advantage of the Dons and jumped to a 3-0 lead in their half of the first inning before the Dons came back in the last half of the inning, with the help of a home run by Jerry Brancato, to score four runs and overcome the three run disadvantage.

Put on Barrage

The visitors from San Pedro scored four runs in the fourth inning and one in the fifth to pile up an 8-4 lead before the Dons again got together and put on a four run barrage of their own in their half of the fifth to get back in the ball game.

The ball game remained in a tie until relief pitcher Pete Fazio came to bat in the seventh inning and blasted a home run deep into left center field to give the Dons a lead which they insured by scoring one more run in that inning and another in the ninth.

Joe Malone was the starting pitcher and worked the first three innings of the practice game which was to give the pitchers a good workout as well as the other players. Dick Perez pitched the fourth and fifth innings, and Pete Fazio took the mound in the seventh to finish the ball game.

Ciro Masso started the game at second base and rapped a triple along the right field foul line with one man aboard to help the Dons drive. John White belted a home run in the fifth with two men on base and Rex Wilmot drove in another run with a triple.

Minard Duncan and Jerry Brancato each batted four times and collected two hits apiece, Harvey Noel, John White, and Rex Wilmot went one for four, Denny Sampson one for three, Harry Hover two for two, and Ciro Masso, Jim Hinkle, and Marvin Cravitz each collected one hit in one official time at bat.

Golfers Meet San Berdoo

Coach "Bill Cook's SAC golfers journey to San Bernardino today for their second league match against the Indian divot diggers.

Last week the divot diggers opened their circuit schedule against Orange Coast College. Cook travels with a five man squad including two lettermen, Harry Roux and Durand Djivre. Other regulars include Gordon Higgins and Jerry Hayes. Three members of the squad are currently competing for the fifth position on the squad.

Horsehiders Open Against Fullerton

With the end of the annual Citrus J.C. tournament at Azusa, the Dons are looking forward to their last two practice games before encountering Fullerton in their first conference game here Friday, March 30.

The Dons will first play the El Toro Marines at the Memorial Park field Thursday, March 22, in a game against a Marine team which has a schedule of one hundred games this season, enough to sharpen up any baseball team. The Dons will then play their second game against Harbor J.C. which is to be scheduled here on the 26th.

The Dons defeated Harbor J.C. 11 to 8 in their first meeting and will be seeking to smooth out any rough spots in this last practice game before they meet Fullerton in the Conference opener.

Last season the Fullerton team captured the Conference title and is out to retain the title this year in a league which should prove rough for every team. The Dons especially will be after the Hornets this year to make up for the two defeats Fullerton handed them last year.

Las Gitanas Win Volleyball Title

The WAA inter-club volleyball tournament was won by Las Gitanas without a defeat in the three game series played in the campus volleyball court March 6-8.

In the March 6 games Las Gitanas edged the Spinsters in a close 27 to 26. The Piloteers won out over Las Meninas 29 to 20 in the second game of the day.

March 7, Las Gitanas won over the Piloteers 25 to 19 and the Spinsters won 2 to 0 over Las Meninas by default.

On the last day of the tournament Las Gitanas won by a default over Las Meninas 2 to 0. The Piloteers overpowered the Spinsters 34 to 21.

Las Gitanas will have their name placed on a trophy which will contain the names of the winners of the WAA inter-club volleyball tournament each year.

The final results of the tournament were: Las Gitanas, 3 wins 0 losses, Piloteers, 2 wins-1 loss, Spinsters, 1 win-2 losses, and Las Meninas, 0 wins-3 losses.

Co-eds Win, Lose In Volleyball Tilts

Santa Ana's WAA traveled to Orange Coast College last Tuesday afternoon to participate in two volleyball games in which they lost the first one, but came back to win the second.

In the first game the teams battled to a 9 to 8 first half score in favor of Orange Coast, but in the second half the SAC team dropped behind and the game ended at 23 for Orange Coast and 12 for Santa Ana.

Judy Cordes captained the first team of Janet Parra, Ruth Benitez, Dorella Ward, and Betty Lancaster.

Mt. San Antonio Noses Sprinter Out of Orange Show Relay-Title

When you lose a track meet by one point it is heart breaking, but when you drop the annual Orange Show Relays by ½ a digit it is just disgusting. This the Santa Ana tracksters found out last Saturday when Mt. San Antonio recorded 48½ points to win the relays while the Dons took a close-close second place with 48 points.

Even though the Dons won three relay events, Mt. San Antonio by placing third in the mile relay tallied enough points to upset the defending champs. Field events proved to be the Don's main weakness during the afternoon in-as-much as Dick Ballester, who copped a second place in the javelin, and Del Broomell, who tied for third in the high jump, were the only Santa Anans to tally field event digits.

Lack Depth

A lack of depth and the fact that Floyd Strain, SAC quarter miler, didn't run because of a strained muscle also proved to be behind the eight ball factors. In the most crucial and decisive event, the mile relay, each member of the Don relay team had already run from one to three relay events. In fact Curtis Meade, who started the mile relay for SAC, had already been in three additional events. If the locals would have gained even a third place in the mile event the meet would have been theirs.

Three Records Broken

Three records were broken during the afternoon with the Dons cracking the shuttle hurdle relay record in 58.7 which knocked off nearly a full second from the previous mark, 59.3., while Bob Hertz of Mt. SAC broke the shot and Carl Valadez of Chaffey annexed the discus mark. Comparatively the times in the running events were much slower than last year's Orange Show marks, but in the field events all of the distances and heights on the average were somewhat better.

Summary:

Shuttle relay—Santa Ana (Meade, Reid, Cavanaugh, Doizer), Fullerton, Mt. San Antonio, Orange Coast. Time 58.7 (new record, breaks old mark of 59.3).

Distance Medley—Santa Ana (Brubaker, Miles, Mandez, Thornton), Mt. San Antonio, San Bernardino, Orange Coast. Time—11:09.5

440 relay—Santa Ana (Um-

phress, Chandler, Srigley, Meade), Mt. San Antonio, San Bernardino, Fullerton. Time—44.3.

Two Mile relay—Chaffey (Balthomew, Richards, Grabs, Kough), Santa Ana, Fullerton, Mt. San Antonio. Time—8:23.5.

880 Yard relay—Mt. San Antonio, (Samison, Scheel, Lehman, Ziegler), Santa Ana, Fullerton, San Bernardino. Time—1:32.7.

Mile relay—Fullerton (Somers, Holloway, Lang, Hendricks), Mt. San Antonio, Chaffey, Santa Ana. Time—3:32.7

100 Yard Dash—Rose (SB), Jamison (Mt. SAC), Sommers (FJC). Time—10.4.

Javelin—Hammer (FJC), Ballester (SAC), Weems (Mt. SAC), Sommers (FJC). Distance—16 feet, 10 inches.

Shot put—Hertz (Mt. SAC), Ellwess (Riv.), White (Mt. SAC), Valadez (C). Distance—48 feet 4 inches. (new meet record, old mark 46 feet, 9 inches.

High jump—Mchie (SB), Fargaron (FJC), three way tie among Haynes (FJC), Broomell (SAC), Hollingsworth (Mt. SAC). Height 6 feet 1 3-4 inches.

Pole vault—Stonecipher (Riv.), four way tie among Blueman (Mt. SAC), Sommers (FJC), Hansen (Riv.), Jenkins (Riv.). Height—12 feet.

Discus—Valadez (C), Marten (Riv.), Littler (SB), Hertz (Mt. SAC). Distance—138 feet, 6 1-2 inches. (New record breaking old mark of 137 feet 7 inches.

Broad jump—Davidson (SB), Holloway (FJC), Ferguson (FJC), Linkley (C). Distance—22 feet 10 inches.

Final scoring—Mt. San Antonio 48 1-2, Santa Ana 48, Fullerton 42 1-2, San Bernardino 30, Chaffey 21, Riverside 15, Orange Coast 4.

Glendale Gives Dons First Season Defeat

A smooth playing Glendale College team handed the Dons their first defeat of the season in a seven inning practice game last Friday at Memorial Park.

Left hander Jack Goetting pitched all but the last two innings when Pete Fazio came in to finish the ball game for the Dons in a game against a more seasoned Glendale team which had previously played twelve warmup games this season while the Dons had only two games under their belts.

Stage an Uprising
Goetting had things under control most of the game except in the third and fourth innings when he ran into trouble, the Glendale team staged an uprising and scored five runs in the third, and four more in the fourth before the fire was put out.

Jim Hinkle and Ciro Masso shared the duties at second base and Norm Weinraub replaced John White in right field when Johnny had to come out because of a bad cold. Denny Sampson was another fatality with a sore shoulder and arm, he may be out of the line-up for a week or more.

Only Five Hits
The two Glendale pitchers allowed the Dons only five hits and spread them out over the seven inning game so that the Dons were never able to start a rally.

"Hockey" Noel, Minard Dunan, and Joe Malone each got a hit in three times at bat, Ciro Masso collected one for two and Jim Hinkle pounded out a hit in one official time at bat.

The Dons were able to hit the ball fairly often and fairly hard, but there always seemed to be a Glendale player in the way, two of Santa Ana's rallies were stopped by fast double plays by the Glendale infield.

Score by Innings		R H E	
Glendale	005 410 0	10	10 1
Santa Ana	011 000 0	2	5 1

Physical Education Dept. Acquires New Muscle-Building Equipment

Recently the Santa Ana College Physical Education Department acquired a thick twenty foot long rope and several chinning bars. The slack in bicep development is now being overcome by these towering athletic facilities.

Smith Selected On Title Team

Pete Smith, second highest scorer in the Eastern Conference basketball race this season, was the only Don named to the All-Circuit cage selections.

Fullerton's ace guard, Dick Hammer, was named player of the year and he is the only repeater on the first team. With a total of 136 points Smith broke the conference scoring record this season, but was topped by Bob Yardley of Orange Coast who broke the record again three days later by recording 145 points during the season.

- FIRST TEAM**
Dick Hammer, Fullerton, F
Pete Hook, Fullerton, F
Tom Williams, San Bernardino, C
PETE SMITH, SANTA ANA, G
Bob Yardley, Orange Coast, C
SECOND TEAM
Robbie Davis, Chaffey, F
Dean Metcalf, Chaffey, F
Clyde Maxen, San Bernardino, C
Larry Jones, Chaffey, G

So as to enable students of varying heights in chinning of the bar, three sets of bars have been procured by the department. Aligned in step-like graduations the bars are an assurance for students like Jim Mitchell, 6' 7" basketball center, of chinning the bar without having to double over.

Other equipment in the Men's Physical Education Department are a rambunctious punching bag and over 200 pounds of bar bells. The rat-a-ta-tat of the bag can be heard throughout most of the day while an occasional clang from a fallen weight strikes a down-beat in the concert of human sweat.

Most of the Physical Education classes are given a short preliminary calsthenic workout, which is followed by a seige at the bars and ropes. Next the students take a run about the newly acquired track and then are free to choose any activities they may wish to pursue.

SAC Baseballers Defeated By Long Beach College 12-6

The Santa Ana Dons suffered their second defeat of the season last Tuesday, 12 to 6 at the hands of the Long Beach nine on the Vikings' home field.

Joe Malone started the game and pitched the first three innings without much trouble, but in the fourth inning the Vikings jumped on him for seven runs, a lead which they never gave up. The one inning of erratic pitching coupled with five errors by the team caused the Dons a great deal of trouble and made a comeback difficult to produce.

Jack Goetting came in as a relief pitcher and worked the last three innings allowing three runs. Although the Dons outthit the Vikings 13 to 10, the Vikings cashed in on SAC's many walks and errors to build up their lead.

Big "Hockey" Noel stretched his hitting streak to four games by blasting a home run deep into right center field in the sixth inning for the game's longest blow, no one was on base at the time. Jerry Brancato, Rex Wilmot, Jack Goetting, and Marvin Cravitz led the hitters with two hits each in four times at bat.

Score by innings:

	R	H	E
Long Beach	100	711	20x 12 10 1
Santa Ana	001	001	040 6 13 5

WAA Playday With Fullerton

Two volleyball games featured the WAA playday with Fullerton J.C. here on the afternoon of Wednesday, the 14th. of this month.

The Women's Athletic Associations of the two schools joined in an afternoon of recreation on the SAC volleyball court. In an exciting game against the Fullerton first team, the Santa Ana WAA team was defeated in the last minute of play by a score of 30 to 27.

Members of the first team for Santa Ana were: captain of the team Mary Vernon, Jeanne Weltz, Betsy Warren, Leola Lord, Carol Reid, Aurora Valles, Pat Adams, and Betty Lancaster.

In the second game the Santa Ana lasses also were thrown for a loss by a score of 36 to 29. The members of the second team were: Captain Carol Kern, Gay Keeran, Judy Cordes, Janet Parra, Pat McFarlane, Ruth Benitez, Maxine Sinsley, and Mercedes Bustamente.

Spikesters Meet Indians Today

Seeking their second conference victory, Coach Ward's SAC cindermen meet the San Bernardino Indians this afternoon in a dual circuit tilt at San Berdoo.

The Indians are expected to give the Dons stiffer competition than they encountered against Orange Coast in their first meet of the season. Although the Dons are strong in running events, the San Berdoo cindermen boast a stronger group of field event men.

Following this meet the Dons will tangle with the El Toro Marines next Thursday and meet the USC Frosh team Friday. The El Toro meet will be held on the local's home field while the Dons will have to trek to Los Angeles for the USC struggle.

Former El Don Sports Editor Appointed To College Position

Frank Errota, SAC journalism graduate of 1949, has recently been appointed sports editor of the Sparton Daily, college newspaper for San Jose State College. Errota is graduating from San Jose this spring with a major in journalism.

While at SAC Errota was general reporter, feature editor, and sports editor of El Don. The University of Minnesota's Journalism Department, when reviewing El Don for its annual critical evaluation as a junior college newspaper, awarded Errota a perfect score for his sports page. The judges also stated that the 48-49 El Don's sports page was one of the best in America in the junior college field.

Errota was one of four SAC journalism graduates of the class of '49 to continue their major at San Jose. The other three SAC graduates include Maurice Duke, Tom Murphine, and Bob Williams.

Glenn To Lead New Tour

Mr. Thomas H. Glenn, who has been on leave of absence from Santa Ana College for the academic year 1950-51, stated yesterday, that, although he has enjoyed the leisure very much, he misses the college atmosphere and is looking forward to resuming his work at the college next September. During his leave, Mr. Glenn had planned to visit countries previously unvisited by him.

Doctors have assured him that his recovery from a recent attack of malaria is complete. This he had contracted last October while conducting a 6-week tour by air of South America, during which he visited Mexico, Panama, Ecuador, Peru, and Chile along the west coast, and came up the east coast through Uruguay, Argentina, Brazil, Trinidad, Haiti, Puerto

Rico, Cuba, and Yucatan.

Mr. Glenn had expected to take another party down in January, but had to give up these and other travel plans during the siege of malaria. He jovially claims to be in fine shape now, however, and is expecting to leave on March 29 on a ten days tour by air with his wife and daughter to Hawaii.

GLENN DAUN IS NEW VOICE INSTRUCTOR

Mr. Glenn Daun, a well qualified voice teacher is taking Mr. Alan A. Revill's place, following his unexpected death this February. Mr. Daun has been employed for the voice class that meets at 10 o'clock on Tuesdays and Thursdays.

Members of this class are urged to get in touch with the instructor at the next meeting of the class.

Mr. Glenn is completing plans at present to lead another European tour next summer under the auspices of the World Travel Bureau in Santa Ana. Unless, of course, he smilingly remarked, Uncle Sam calls him to active duty to serve in his Reserve Signal Corps major's commission, which he didn't anticipate at present.

Last summer, Mr. Glenn took a large party to Europe, returning to these scenes last September first.
